Optimum Management Enterprise (OME) is a Women-Owned Small Business (WOSB) general contractor specializing in project management, early childhood education consultation, regulatory compliance review, and property management. With a strong emphasis on regulatory adherence, internal control evaluation, and risk assessment, we ensure our clients' operational efficiency and compliance with federal, state, and industry standards. Our unmatched expertise in early childhood center expansion, strategic planning, curriculum development, financial management, construction oversight, and regulatory compliance sets us apart. At OME, we deliver unparalleled, tailor-made services that propel our clients to success, epitomizing excellence and commitment to their unique needs.

#### CORE COMPETENCIES

- Early childhood education consulting and curriculum development
- Project and program management
- Regulatory compliance reviews and internal control evaluations
- General contracting and facility management

#### PAST PERFORMANCE

- Led expansion and regulatory compliance for multiple childcare centers
- Managed construction projects from planning through post construction
- Managed all aspects of property management functions for large-scale centers
- Developed risk management frameworks for federal and state agencies
- Led compliance reviews for large programs
